

## What taste it is???

On hearing the word taste, Two things may come to your mind. First thing is, when someone asks us this question by pointing at a food item ,we would taste the food and judge that food item with six tastes as Sweet, Salt, Sour, Bitter, Pungent or Astringent. So, in case of food ,we can't judge the taste without tasting it in the real time as some may look tastier but, on consuming, it might be bitter in taste.

But in common, many people will judge other person's taste depending on his selection of the things he had purchased or chosen. Every person had a very different taste on selection of their needs and it would be good on their point of view. One will judge a person's taste is good, when that person's selection matches with one's taste or his selection based on his situation and needs. In case ,if we have to judge the taste of a person whom we have not known before, it's impossible for us to judge his taste or we would judge him wrongly. So, in this also, we should have know one in real time in order to judge his/her taste.

The two tastes which are said above belong to the world and it may or may not be good. There is a person to taste in this world for the betterment of your soul. Once you taste him, you could feel Happiness, Peace, Grace, Godly Love, Positive thought of your life around you and when you got this feeling, your life would be different when comparing with your previous life and His name is Jesus. He is always good in taste and we have written this as we are tasting Him in real time daily. Some people might have failed to feel the good taste, as they were not able to taste Him whole heartedly.

There are two steps we recommend you to follow daily so that you could feel the taste of Him in your real time.

i) Praise Him with your songs from your deep heart whenever you are free and in your subconscious mind . (He wish to be in the praises of your deep heart and You are deserved to praise Him)

ii) Seek His presence and call Him whenever you need Him, because He is always near you hearing your praises.

Try tasting Him and once you have tasted that He is Good, make your beloved parents, friends and relations to taste Him.

May God Bless you and be with you always. Amen

"we challenge you to taste Jesus in real time so that your life would be happy ever"
